Vacancy

Infrastructure Manager

The Ffestiniog and Welsh Highland Railways are one of the premier heritage railways in the UK. We are looking for a talented Infrastructure Manager to lead our Permanent Way, Signalling, Buildings, Structures & Earthworks, Lineside Clearance and Information Technology Teams.

As one of the UK's leading heritage railways we have big plans for ensuring our railway is sustainable for many years to come. The successful applicant will be a member of the Senior Management Team and will have responsibility for overseeing the day to day maintenance of our assets and the planning and delivery of our annual 20 week winter works programme. They will also be a key member of the team that plans and oversees capital development project work across the railways, currently focussed on improving our facilities at our Boston Lodge and Dinas workshops.

The successful applicant will be responsible for leading the competence development of our team of paid and voluntary staff within the Infrastructure Department. Collaboratively working with our Safety Professional they will be expected to work on a programme of continuous safety improvement that is sustainable and forward looking.

We are looking for an experienced professional, degree educated in a relevant subject, or with equivalent professional experience, who can get the most from our teams. Strong communication skills are vital to ensure that a significant budget is used effectively across all facets of the railway.

To make an initial enquiry or for more information see www.festrail.co.uk/jobs or email us at applications@ffwhr.com.
